

Thank you for applying for insurance with American General Life!

Now that you have been approved for coverage, you can activate your insurance and retrieve your policy anytime through our secure Policy-owner website.

You will receive an email from American General Life Insurance Company (AGL). Within the email click on the link to launch the Secure Policyowner website. Our Secure Policyowner website will launch with the steps that need to be taken to complete ePolicy Delivery.

Beginning steps: [Enroll](#), [Access](#), [Sign](#) (if there are outstanding delivery requirements), [Make a Payment](#) (If the initial premium is outstanding)

- **Enroll:** Enter in your last name, the insured's date of birth, your zip code and email address.

Next you will be asked to create a User ID, password, select a security question/answer and agree to the Terms of Use.

The next screen displays the ePolicy Delivery Consent and the Terms of Use and eSignature Consent (if there are delivery requirements requiring a signature). Click the check boxes.

- **eSignature:** All documents that require a signature will be listed in the left pane. Each document will be presented for review.
- **Sign:** click the button "Click Here to Sign." Then click "Next."

After all documents have been signed you will have a chance to review the policy packet and save a copy of the policy.

Be sure to click "Submit"

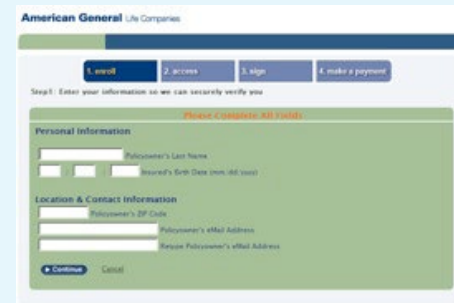

- **ePay:** Choose your preferred method for paying the initial premium. Options are: Credit Card, Debit Card or Electronic Payment from a bank account. Enter Card or Account information. Verify information and authorize payment.

Future billing preferences: ePolicy Delivery is complete; however, you will have an opportunity to set up how you prefer to receive future premium notices. Enroll in paperless billing, set up recurring payments, or receive a paper bill in the mail.
